# **100-foot folding container for fire stations**

## Overview

---

This innovative fire training facility was constructed entirely from shipping containers. The modular design features interconnected containers for diverse training scenarios, including live-fire exercises and search-and-rescue simulations. Shipping containers provide a durable, cost-effective solution for storing equipment, staging supplies, and creating mobile support spaces that can be deployed quickly. Fire departments turn to these. Husky® Folding Frame Tanks are the leading folding frame tank for water shuttle operations and rural water supply. They help firefighters develop critical firefighter skills like search and rescue, hose handling, and flashover awareness. In this blog, we'll explain what a. We offer a wide range of container types and sizes.
