Dometic pbl40 complaints against

Overview

Many reviews report product quality failures, repeated repairs, and difficulties obtaining parts or warranty support. Bottom line up front: If you're looking for a compact battery to run a fridge and charge devices for 2+ days without marrying a dual battery system to one vehicle the PLB40 is for you. Add a solar panel and some cable and you can run it as long as you care to. Negatives: Cost, won't run an. They are usually only set in response to actions made by you that amount to a request for services, such as setting your privacy preferences, logging in or filling in forms. Customers note long waits, language barriers, and inconsistent responsiveness. I do not recommend this product or the company Dometic as a trusted supplier who stands by their products because they don't. I used the battery once and it stopped charging. If you've followed my other reviews (like my review of the.
