Accra first solar

Overview

Accra, J- In a significant step forward for Ghana's green transition agenda, the Minister for Energy and Green Transition, Hon. John Abdulai Jinapor has officially commissioned the nation's first solar-powered electric vehicle (EV) charging station in Accra. The EV solar charging station is an initiative of the Energy Commission (EC) in partnership with the German Embassy. is a publicly traded American manufacturer of solar panels. First Solar uses rigid thin-film modules for its solar panels, and produces CdTe panels using cadmium telluride (CdTe) as a semiconductor. [2] The company was founded in 1990 by inventor Harold McMaster as Solar Cells. Ghana's Energy Commission (EC), regulator for electricity and natural gas, has commissioned a 60 kW Solar-Powered (SP) Electric Vehicle Charging Station at its headquarters in Accra, marking a significant shift from the normal electric vehicle charging stations that are powered by electricity from. With over 9 years of experience serving Ghana homeowners, we've built our reputation on delivering exceptional solar installations that stand the test of time.
