Budget Scheme for High-Temperature Resistant Folding Containers for Emergency Command

100KWH/215KWH

LIQUID/AIR COOLING

IP54/IP55

BATTERY 6000 CYCLES

Overview

These units convert into mobile clinics, command hubs, refrigerated storage, and shelters. Key choices later in this article will include deployment speed, durability, modular stacking, budget (rent vs buy), and conversion needs like HVAC and power. has been supplying disaster relief shipping containers for over 35 years. Their steel structure ensures durability, security, and weather resistance, allowing relief. Here are some tips for temperature control and humidity mitigation when using shipping. Containers should be placed on elevated ground and ideally in an area with positive drainage. Secure modular units protect sensitive equipment and expand data capacity.

Budget Scheme for High-Temperature Resistant Folding Containers

Folding Container House for Disaster Relief: Fast-Track Emergency

The higher initial unit price of folding container houses outmatches traditional emergency shelters because they represent better long-term value through their durable and reusable construction.

Shipping Containers for Disaster Relief and Emergency Situations

We offer container sales and rentals to provide immediate solutions for emergency shipping or storage needs. For companies that prepare in advance, we offer custom modifications to create built-to-order ...

 **Efficient**
Higher Revenue

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPPT Trackers, 150% DC Input Overvoltage
- Max. PV Input Current 15A, Compatible with High Power Modules

 **Intelligent**
Simple O&M

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

 **Flexible**
Abundant Configuration

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFC Function (Optional): when an arc fault is detected the inverter immediately stops operation

Shipping Containers for Emergency Infrastructure and Disaster ...

Learn how shipping containers provide fast, secure, and scalable solutions for emergency infrastructure and disaster

response in critical situations.

 **TAX FREE**    

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

ENERGY STORAGE SYSTEM
