Overview

Boxes for personal use cost 600 Ethiopian birr annually, and 1200 Ethiopian birr for businesses. Take advantage of our EMS and have your packages delivered in a flash. How much does Ethiopost charge to send letters and parcels?

Price is determined based on factors such as weight, destination, and dimension. For more precise information, use our price calculator. What types of logistics services does Ethiopost offer?

We offer two types of logistics services:. 13/ “Radio Frequency Usage Fee” means a fee charged annually for use of certain parts of the radio frequency spectrum. 14/ “Working day” means a business working day and shall not include Saturday, Sunday and any day that has been declared to be a public holiday by the Federal Democratic Republic. The price for per kilogram of goods of EMS from China to Ethiopia is the official charge of China Post to customers all over the world. EMS to Ethiopia charges more than 123 yuan for the starting weight, 1 kilogram, which is reasonable for sending goods to countries more than 10000 kilometers away. When there is no congested radio frequency or does not face excess demand, the fee shall be subject to annual radio frequency usage fee only, based on Administered Incentive Pricing and/or the Authority's spectrum management costs.
