# How much does a photovoltaic floor-standing bracket cost

## Overview

---

On average, homeowners might spend between \$100 to \$300 per bracket, leading to a total installation budget heavily dependent on several factors: number of brackets, type of solar panels, and local labor rates. Secure your solar panels with durable, easy-to-install solar panel mounts. Whether you're installing on a roof, ground, or RV, our solar panel mounts provide reliable. A comprehensive cost analysis for home solar brackets reveals critical considerations. But here's the twist — the mounting system can make or break your budget. It's like buying a brand-new TV and forgetting you need a stand to hold it. For example, if your solar system cost \$10,000, the racking system portion would be about \$1,000 of the total cost.
