KREATYWNY ENERGY POLSKA

Industrial rack-mount cabinets for chemical plants

Overview

Wide range of fully customisable chemical storage cabinets for safe storage of toxic and non-flammable hazardous materials, oils, corrosives, etc. Whether you need high-capacity shelving or racking and storage for small containers, we offer reliable solutions that meet environmental regulations and prevent spills. Dealing with chemicals, industrial fluids, or specialty materials in your warehouse?

Not sure if you can keep corrosives next to oxidizers like hydrogen peroxide or potassium permanganate?

We've seen it happen—one bad mix and your entire shift stops. Even one spill or missed regulation can stop. U. Gravity sliding, multi-tier pallet racks, cylinder racks, drum racks and many other compliant rack accessories will increase the safety and production. The Flo-Rak system helps chemical companies achieve these goals while providing improved safety and accessibility and reduced waste. Chemical warehouses often face space limitations. Case flow rack systems are designed to maximize vertical storage space, allowing for higher-density storage and more. Corrosive cabinets are essential for safely storing and organizing hazardous chemicals and materials.

Industrial rack-mount cabinets for chemical plants
