Invt produces photovoltaic inverters

Overview

INVT Solar is a professional solar inverters manufacturer and national high-tech enterprise. Founded in 2015, it is a wholly-owned subsidiary of INVT. It mainly offers PV inverter solutions and energy storage systems for commercial & industrial, and residential applications. INVT solar inverter has a unique product technology advantage in product stability, power efficient transformation, low harmonic current harmonics and grid security access, which can be widely used in BAPV (home roof, office roof, factory roof), and BIPV., System monitoring software, etc. Particularly noteworthy are the solar pumping inverters in the BPD range, as well as its range of inverters for residential. Variable Frequency Drive INVT Goodrive series low voltage drive has excellent performance and rich function.
