

KREATYWNY ENERGY POLSKA

Macedonia Small Wind and Solar Power Station

LiFePO₄ Battery, safety

Wide temperature: -20~55°C

Modular design, easy to expand

Wall-Mounted&Floor-Mounted

Intelligent BMS

Cycle Life: ≥ 6000

Warranty: 10 years

Overview

Agreements were signed on 28 May 2025 with Power Plants of North Macedonia (JSC ESM) and Siemens Gamesa Renewable Energy (SGRE) to complete the final phase of Bogdanci Wind Park, representing a significant investment in renewable energy infrastructure in North Macedonia. at Energy Week Western Balkans fosters. Packed with insights into solar, wind, hydro, and storage developments, regulatory frameworks, and investment opportunities, it is designed to inspire and inform decision- Western Balkans' energy transition¹. By 2023, renewables accounted for 50% of the. North Macedonian power utility Elektrani na Severna Makedonija obtained a loan for the construction of solar power plant Bitola 2 and the expansion of its Bogdanci wind farm. It is a country that has struggled with poverty for years, with about 21. 6% of people living in poverty.
