MONITORING OF SYSTEM STATUS

## Overview

---

Mauritania has signed a \$300 million agreement with renewable energy developer Ewa Green Energy to construct a 220-megawatt (MW) hybrid power plant in the country. The project is set to combine solar and wind generation, to become one of the largest renewable projects in the. Peace E. Udoh is an editorial analyst with expertise in energy and migration storytelling. She brings strong skills in research, data reporting, and article development, with a proven record of breaking impactful stories. The plant, to be developed by Ewa Green Energy at a cost of \$300 million, will have. Mauritania is stepping into a brighter future with its recent 0 million Power Purchase Agreement (PPA) with Ewa Green Energy.

## Mauritania Hybrid Energy Storage Project
