

KREATYWNY ENERGY POLSKA

New version of solar smart on-site energy price

Overview

The program now provides a flat incentive rate for residential (small) systems, making calculations easier. Final regulations filed Aug. This page contains information on the current iteration of the Commonwealth's SMART solar incentive program (225 CMR 28. The Massachusetts Department of Energy Resources (DOER) updated the Solar Massachusetts Renewable Target (SMART) program based on the results of a multi-year Programmatic. Update: Due to rising utility rates, the SMART incentive for solar-only systems is \$0/kWh in all MA territories. The Solar Costs Comparison dashboard below lets you explore how much solar systems in MA have cost by county, installer, ownership type, and year up through 2024. It shows median prices of.
