. The main difference of the solar panel price is between Tier 1 Solar Panel and not Tier 1 Solar Panel. If you order the mainstream solar panel --- cell size 166*166mm or 182mm*182mm (210*210mm will soon becoming popular), cell number 54pcs, 60pcs, 72pcs, watt :365-670W), you can get the lower price. The Tianhe 665 solar energy system operates at a nominal voltage of 48 volts, which is part of its design for efficient energy conversion and transmission. This system is equipped to handle a range of voltages due to its inverter technology, allowing compatibility with various battery systems.
