Which single-glass solar curtain wall manufacturer is the best in North America

Overview

Here are the top-ranked curtain wall companies as of May, 2025: 1. What is a curtain wall system?

Curtain wall systems are non-structural systems for the external walls of buildings. The company has been in operation for over 40 years and has completed several projects around the world, including the Burj Khalifa in Dubai, the Shard in London. Our edge-to-edge photovoltaic glass is available in amorphous silicon or crystalline silicon, allowing you to align your choice with design preferences, energy goals, and daylight requirements. With locations across North America, Kawneer offers global technical expertise, champions sustainable construction methods and is building. All curtain walls manufactured by Solar are constructed out of durable aluminum. Curtain walls are listed on the ENR's leading market research programs, published by Glass Magazine and Window + Door, provide critical industry performance data and information about the North American glass, glazing and fenestration markets.
