# **Xi er Photovoltaic Panel Installation Manufacturer**

## Overview

---

Xi'an Yizhu Network Technology Co. is a leading supplier and factory of photovoltaic panels in China. Innovative products for a sustainable energy future. We have established business relationships with leading battery manufacturers in China, distributing high-quality battery cells from renowned brands. Solar panel manufacturers in China continue to play an important role in boosting the country's solar energy generation. In 2024, China accounted for about 57% of new global solar and wind additions, which is double the amount of renewable energy generated compared to regions like the US, Europe. China is the global powerhouse in solar panel manufacturing, driving the industry with unparalleled production capabilities and cutting-edge technological advancements. These solar module manufacturers provide great assistance to protect the environment and promote new energy, and are able to fully automate the production of solar products, including monocrystalline solar panels, polycrystalline solar panels, inverters, etc. There are also sales offices in the United.
